

Summer 2014 Grant Application Aquatic Invasive Species Control Projects

Purpose:

These grants are intended to help fund the control of Eurasian watermilfoil or flowering rush.

Application deadline is September 15, 2014.

Please Note: In order to provide grants in a timely manner, grant applications will be reviewed and grants written on a first-come first-served basis. Because of this, the grant program may run out of funds and close before the final application deadline of September 15, 2014.

Please note that the day after the grant application deadline the name and address of all applicants, and the amounts requested become public. All other data is nonpublic until the negotiation of the grant agreement(s) with the selected grantees is completed. After the application review process is completed, all data (except trade secret data) becomes public.

1. In order to receive a grant you must have an Invasive Aquatic Plant Management Permit for the control project.

- If you already have a permit; list the permit number here _____, and include a copy of the signed permit.
- If you do not have a permit, please complete and send in a permit application, and include a copy of your permit application with this grant application.

2. Applicant Information

Organization Lake Sarah Improvement Association

Name Joe Baker

Address 5580 Lake Sarah Heights Drive

Address Loretto, MN 55357
